<b>The Oil Factor</b>	Strictly for elegant ladies! O&3 presents Neroli Light, Essential Oil. This natural commercial blend is a fantastic seductive oil. The name was founded from Princess Nerola of Italy who was known to wear it as her scent. The scent is sweet & floral & blends wonderfully with anything citrusy or floral. We like to use it on its own. It is aimed more towards the more 'mature lady' formulations, very elegant in its profile. A few drops make a super eau-de-toilette or cologne. Similar to other essential oils in that it is an uplifting, calming & anti-depressant ingredient, like lavender, it is lovely to place a few drops on your pillow. We can offer this 'light' commercial blend to reduce the cost of standard Neroli, but you still achieve the same, if not stronger aroma profile. A good starter fragrance oil....
